WHEN THE Marquis de Marquette chooses to spend the summer of 1908 in Marquette, Michigan, a city named for his illustrious Jesuit relative, the residents are all astir with excitement. People begin vying to rub shoulders with the marquis, but he remains very private until he hosts a masquerade ball at the Hotel Superior. Only the finest families are invited, and even they feel slighted when he has eyes for only one dance partner.

SOON, *INEXPLICABLE* events begin to occur, events that threaten to expose the secrets of some of Marquette's finest families. People begin to play a dangerous game to expose others' crimes while maintaining their own façade of respectability.

WHEN ALL is over, who will have survived the marquis' revenge?
